

Position Paper on SFO Runway Noise

Introduction

Explain why we need SFO and need it to behave as GOOD NEIGHBOR

Unfortunately, changes in take-off patterns have escalated the noise level to an unacceptable volume that threatens hundreds of our fellow residents' sleep, health, quality of life and property values.

This might not be your current problem, it wasn't for these several hundred families either ... buying a home 4-5 miles from airport is not engaging in risky ill-advised behavior. However, SFO changed its take off process the past 5 years to the point where residents' homes are now shaken by thundering takeoff noise day and night.

SFO is behaving as a "bad neighbor" – noisy, uncommunicative and refusing to admit the problem but instead legally threatening those who dare to expose the illegal and unhealthy actions of our neighbor.

Historically, our city council has sent passive advisors to regional roundtables and committees which in turn act as a rubber stamp for the ineffective and glacial responses of SFO. We need to take active positions, even leadership, on behalf of town residents when dealing with SFO's bad actor behaviors – rather than forcing the onus upon individual homeowners.

PROBLEM #1 – Appoint City Council Member to Proactively Pursue SFO Misbehaviors at Regional Informative & Regulatory Bodies

Sjdakd ;ask;lsd k;lsad sa ;klsadk sak ;ldsa dsa;lksa k;lksa sakl;sad ksad ;lksadk ;lsa ;sadm ;lsad ;kdsa; sas ;klsa ;lksa ;sa ;sa;lksa ;lksa ;lsak;l d

Recommendation/Actions Needed by Hillsborough City Council

- Get SFO to measure the true noise we in Hillsborough experience as subsonic and low rumbling thunder
- Get SFO to place noise monitors in areas reporting the problems
- Get Hillsborough town council to actively engage SFO at SFO Roundtable community "feel good" meetings rather than passively/meekly reporting back what SFO dictates to the community
- Provide means for Hillsborough residents to readily & easily document SFO noise problems
- Get Hillsborough town council to support SFORUNWAYNOISE and to engage city resources such legal counsel to help remediate the SFO runway noise problem
